Career and Technical Education

The North Dakota Department of Career and Technical Education administers Perkins IV implementation at the secondary and postsecondary level, as well as state-funded career and technical education programs.¹

In FY 2015, 28% of secondary and 26% of postsecondary students enrolled in CTE were economically disadvantaged.²

Career Clusters

Seven of the 16 career clusters in CTE lead to high-skill, high-wage, and high-demand STEM-related careers. These clusters include Agriculture, Architecture, Health, Information Technology, Manufacturing, STEM, and Transportation, Distribution, and Logistics and contain programs that prepare students for nontraditional careers.
