50th Anniversary of Title IX

June 23, 2022, will mark the 50th anniversary of passage of Title IX of the Education Amendments of 1972. Arguably one of the most significant pieces of civil rights legislation in America’s history, Title IX prohibits discrimination on the basis of sex in all programs or activities in all federally funded educational institutions including high schools and middle schools.

Career and Technical Education (CTE) in Vermont

CTE provides secondary and postsecondary students with academic and technical skills and knowledge to prepare for the current and future workforce. To realize our business, economic, and human potential, we must close equity gaps by gender, race and ethnicity, and special population status in high-skill, high-wage, programs of study.

Workforce Innovation and Opportunity Act (WIOA)

The Workforce Investment Act (P.L. 105-220) was enacted in 1998 and was last reauthorized by the Workforce Innovation and Opportunity Act (WIOA) (P.L. 113-128) in 2014. WIOA is the primary federal legislation governing federal workforce development programs. It is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.

Middle Skill Jobs

Many in-demand jobs that offer family-sustaining wages in the United States require skills training beyond a high school, but not a 4-year degree. But too few of America’s workers have had access to the skills training necessary to fill these jobs.

Vermont’s Jobs by Education Requirement, 2018

Vermont’s Jobs and Workers by Education Level, 2018
Community College Funding Gap

Community colleges offer a vital and affordable career pathway and vocational training, an entry point to a 4-year degree, and an opportunity for High school students to earn college credits through dual enrollment. Because these colleges disproportionately serve low-income students and students of color, they support social mobility and the health of the U.S. economy. Yet, they receive $8,800 less in education revenue per student enrolled than 4-year institutions.6

REVENUE GAP, state vs national7

Revenue gap between four-year institutions and two-year institutions per full-time enrolled student, by state (in thousands USD)

In Vermont, community colleges receive $12,986 less in education revenue per student enrolled than four-year institutions.

Dual Enrollment Pathways8

Dual enrollment allows students to try out different career paths, which increases engagement and success. Dual enrollment students, particularly low-income and male students, are more likely to earn a high school diploma, enroll in a bachelor’s program, and enroll in college full time. Yet, research shows that student outcomes vary substantially by state and often by income.

State Actions on Coronavirus Relief Funds

Coronavirus Relief Funds have infused governments with financial resources to respond and recover from the pandemic and avoid deep budget cuts and depleted reserves. Below is how Vermont plans to spend its funds to support education.

- $12.5 million to the Vermont State Colleges System for room and board refunds, remote instruction costs
- $19 million UVM - costs and business disruption impacts, Business Resource Center
- $5 million VSAC - COVID impacts
- $5.1 million to the Vermont Student Assistance Corporation for Tuition assistance and skills enhancement grants
- $8.6 million for University of Vermont for room & board refunds and parking refunds
- $23 million to the VSC - costs and business disruption impacts
- $1.5 million Independent schools to reimburse COVID-related costs
- $12 million DCF CDD for afterschool, summer camps, childcare providers
- $41 million LEAs to reimburse COVID-related costs
- $6.5 million EVT for air quality improvement program in excels

The ESSER Fund of $122 billion supports efforts to safely and equitably reopen K-12 schools and expand opportunity for students who need it most. These funds were made available to state educational agencies (SEAs) for distribution.

Vermont ESSER Funds received

$285,223,414
